August 01, 2014 || By Theresa Carnegie

ML Strategies has posted its weekly **Health Care Update**. This publication provides timely information on implementation of the Affordable Care Act, Congressional initiatives affecting the health care industry, and federal and state health regulatory developments.

Following a week of **conflicting court cases** on the future of tax subsidies in Federally-run health care exchanges, HRSA's release of their "interpretive" 340B rule, and continued activity in Congress around the development and delivery of innovative therapies, this week started off with a major breakthrough in efforts to reform Veterans health care.
