

Four Days Until The Mintz/ML Strategies Pharmacy Industry Summit

May 06, 2016 || By **Susan W. Berson**, Theresa Carnegie, Ellyn Sternfield

It is hard to believe that it is now four days and counting until our May 10, 2016 Pharmacy Industry Summit, here in our DC offices.

Here in Washington, it seems everyone has an idea on a drug "fix": amendments to the provisions governing Medicare reimbursement, new rebate requirements, changes to price reporting measures, revisions to the 340B Drug Discount Program, etc. Proposals are interesting, but will Congress actually do anything? If anything is actually going to pass, it has to get through the Senate.

Our Summit's working lunch presentation is a Congressional Staff Panel, moderated by Alex Hecht, VP of Government Relations at ML Strategies. The scheduled panelists include Mark LeDuc, Staff Director for the Senate Special Committee on Aging; Grace Stuntz, FDA Policy Advisor for the Senate HELP Committee; and Matt Kazan, Majority Staff for the Senate Finance Committee.

If you are interested in hearing what they have to say about what may, or may not happen, in the coming months, it is not too late to register to attend the Summit. Registration can be completed on our [Summit Microsite](#). We hope to see you there.
