March 04, 2019 | Blog |

## VIEWPOINT TOPICS

- Federal Government Relations
- Health Care

## SERVICE AREAS

- Federal Government Relations
- Health Care

As Congress continues its oversight of prescription drug prices, the Senate Finance Committee will also examine abuse and neglect at nursing homes. Meanwhile, the House of Representatives is looking at ways to lower health care costs as it keeps it eye on lowering drug costs as well. The focus and intensity around drug pricing is not expected to diminish anytime soon. For our complete health care preview, please click here.
